**Registration Day will be June 21<sup>st</sup> at Rick Sheaman's place  
751 Brinkworth Road, Tungkillo**

**The Club will provide a BBQ – please bring a salad or cake.**

## **HISTORIC VEHICLES**

***Is presented by Trucks, Cars and Motorbikes***

Allan and Jim are a couple of septuagenarian automotive industry - trucks, cars and motorcycles - journalists/photographers, who have a passion for old vehicles, having written many stories about these pioneering makes and models of automotive history over several decades. So, having watched print magazines slowly disappear from newsagent's shelves, Jim and Allan thought of another way to preserve our motoring past. They researched heavily, rewrote older material and digitized old photographs. They also interviewed enthusiasts who were still actively involved in the hobby or business of breathing life back into old vehicles, with the Australian pre-30-year rolling historic plate rule being the criteria.

Jim and Allan trust that the Historic Vehicles website offers you, the reader, an in-depth look at not only the vehicles, but also the pioneers - Henry Ford, Walter P Chrysler, the Graham Brothers, the Riley Brothers, W O Bentley, William Lyons, August Fruehauf, C A Tilt, Thomas White and one that you possibly won't know of, Frank Smith - whose vehicles progressively came Down Under during the last 100 years or so. There is a plethora of informative reading, accompanied by quality photography for you to enjoy in the world of Historic Vehicles. There is a plethora of informative reading, accompanied by quality photography for you to enjoy in the world of Historic Vehicles.

Jim Gibson and I are two old journos and we've built an Historic Vehicles website, dedicated to 'Keeping Our Automotive History Alive'. The site currently includes old Cars, Trucks and Restorations, and we're about to make a start on Motor Bikes. We invite you and your members to sign up for our monthly newsletter through the website and we'll keep you updated on new additions. It's all free of charge, with no strings attached.

***"Keeping Our Automotive History Alive".***
